TECHSTREET
STANDARDS CONNECT THE WORLD. WE CONNECT YOU TO STANDARDS.

STANDARDS TO KEEP THE WORLD MOVING

Techstreet® keeps you connected to one of the world's largest collections of essential standards and codes from around the world. With the right standards toolkit, you get to market faster – with better, safer products and services.

Techstreet delivers:

- Instant access to 500,000+ industry codes and standards – international, national, state and local
- Cost-effective options for single users, small teams and large enterprises
- Exclusive redline versions, free tracker alerts and mobile access
- Smart tools to help you manage and share mission-critical standards for your team

INTELLIGENT TOOLS FOR EVERYONE

We serve the people who invent, build, test and maintain practically everything the world depends on. Business, industry, government and academic organizations count on Techstreet to help them achieve national and international compliance, global competitiveness and speed to market.

TECHSTREET ENTERPRISE

Streamline your standards management across your entire organization.

- Give instant access to a custom standards library to everyone who needs it
- Get guaranteed automatic updates for as long as you subscribe
- Be up and running quickly – no training required
- Create compliance reports and monitor usage with ease

"Techstreet Enterprise is an essential tool for any corporation seeking quick and current access to the latest industry-critical information. Enhanced search options and ease of use make this a powerful service."

– Michael Long, Central Quality Manager
Cameron International

MORE OPTIONS THAN ANY OTHER SOURCE

- **Redlines:** Stay on top of every addition, deletion and update in a fraction of the time. You also receive a clean copy of the current, active version.
- **Print + PDF:** Get the print version plus anytime, anywhere access to the PDF. Buy them together and save.
- **Multi-user PDF:** Amplify your buying power for up to 9 users at any location.
- **Print:** Classic desk reference versions of large and multi-volume sets.

HOW TECHSTREET ENTERPRISE WORKS
Powerful search capabilities, simplified tools and flexible content will transform the way you manage standards. No training required – it's that easy to use.

Search better, faster
- Eliminate the guesswork with suggested searches
- Narrow your search with smart filters
- Save favorite searches to run again later
- Get one-click access to details including document previews, historical documents, addenda and redlines

Manage your standards with ease
- Keep current with instant access to new and updated documents
- Create custom alerts to know about changes and new publications
- Generate on-demand usage reports with just the data that matters to you
- Add and remove users as your needs change
- Manage it all from a cleanly designed dashboard, with friendly tips to get the most out of all the tools

SAVE WITH FLEXIBLE CONTENT OPTIONS
- **Building Blocks:** Pre-purchase blocks of documents by publisher and add more standards as you need them

- **Publisher Sets:** Buy complete sets or subject sets from over 100 different publishers
- **Custom Collection:** Mix and match full sets, subject sets and individual documents
- **Historical and Redline:** Versions automatically included in your subscription
